

# REGISTRATION FOR THE COVID-19-VACCINATION

## Basic information

You want to register for the COVID-19 vaccination? Open the site [www.ooe-impft.at](http://www.ooe-impft.at) and click on the button „**Zur Buchung eines Impftermines hier klicken.**“

1. Enter your data, check it once more and agree to the use of your data according to the Data Protection Regulation (DSVGO). Then click on „**weiter**“ in order to complete your registration.
2. Select a vaccination location which has appointments free and click on „**weiter**“.
3. Select a convenient time for your appointment. The vaccine to be used is shown for each appointment. Finally, check your personal data such as email and telephone number once again.
4. Agree to the use of your data according to DSVGO and click on „**Reservierung abschliessen**“
5. You have successfully reserved an appointment for your vaccination and will receive the confirmation by email with all the information you need. It can take a while for this email to arrive. Should you not receive an email, please check your spam folder. You will also receive an information sheet which you should fill in, sign and take with you to your vaccination appointment. (If you are unable to keep your appointment for any especially important reason, please cancel it with the cancellation button provided on the confirmation email, and reserve another appointment. The double booking of appointments is not possible).

Come punctually to your **reserved appointment** at the vaccination centre (it is in the confirmatory email) and bring the following with you:

- **Photo ID** (passport, driving licence)
- **Vaccination card** (if you have one)
- **Social insurance number** (e.g. e-card) – necessary for an entry in the electronic vaccination card
- **Information sheet** (completed and signed)

Please also bring the confirmation of your vaccination appointment with you.

Please inform the doctor giving the vaccination about any previous illness and known allergies. Bring your allergy card with you, if you have one.

At the entrance your personal data will be checked and a doctor will give you information. Then you will be given the vaccination in your upper arm.

After the vaccination please wait for about 20 minutes in the aftercare area. If side effects or allergic reactions occur, the medical personnel present can help quickly.

Before you leave the vaccination centre, you will receive an entry on your vaccination record card.

### **Important! Keep the appointment at the time arranged!**

If there is an especially important reason why you cannot keep your vaccination appointment, please ensure that you cancel it using the ‚cancel‘ button (Stornobutton) on the email confirming your appointment, and reserve a new appointment. Double reservations are not possible

The booking is only possible if you have an Austrian social insurance number. In all other cases you can get an appointment by sending an email to [buergerservice@ooe.gv.at](mailto:buergerservice@ooe.gv.at) when you provide the following personal data: - first name, family name, district, postcode, town, street, date of birth, telephone number and email address.

If you have any questions, please discuss these with your family doctor.
